INDEX TO AUTHORS.

JANUARY TO DECEMBER.

Armfield, J. Malcolm, M.R.C.V.S.—Pericarditis in lambs. 255.

Ascott, Major W. J., M.R.C.V.S.—Interesting cryptorchid cases (illustrated), 13; Remarks on chloroforming standing and securing for castration, 92.

Aston, W. F., M.R.C.V.S.—Intestinal calculus, 420.

Barling, J. L., and Wooff, J., M.R.C.V.S.—Hæmophilia in a yearling heifer, 141.

Beattie, R., M.R.C.V.S.—Interesting case of "bastard strangles." 176; Interesting case of "red worm" in colts, 187.

Begg, Hugh, F.R.C.V.S.—Lengthy invagination of the small bowel in a cow, 464.

Belschner, H., and Max Henry, B.V.Sc., M.R.C.V.S.—*Cucumis myriocarpus* (wild melon vine) as a cause of impaction in the colon in New South Wales, 205.

Blacklock, B.—*Ankylostoma ceylanicum* in the cat in Durban, 128.

Bland-Sutton, Sir John, F.R.S.—Introductory address on the third eyelid (illustrated), 19.

Borcie.—Skin disease of the tail in bovines, 158.

Bruce, E. A., V.S., and Seymour Hadwen, D.V.Sc.—Poisoning of horses by the common bracken (illustrated), 98.

Buck, J. M., Creech, G. T., and Ladson, H. H.—*Bacterium abortus* infection of bulls, 152.

Collett, Howard B., B.V.Sc. (Toronto), M.R.C.V.S.—Intra-dermal palpebral reaction (illustrated), 296.

Creech, G. T., Buck, J. M., and Ladson, H. H.—*Bacterium abortus* infection of bulls, 152.

Curson, H. H., M.R.C.V.S.—Chronic laminitis of cattle, 418; Saria (illustrated), 405.

Davies, C. J.—Observations on canker of the ear in rabbits (illustrated), 86.

De Vine, J. F., D.V.S.—Cervicitis or inflammation of the os uteri in cattle, 256.

Edgar, Archibald, M.R.C.V.S.—General anæsthetic in bovines, 94.

Eve, Henry B., M.R.C.V.S.—Phantom pregnancy in the bitch, 97; Rupture of uterus in a cow—a warning, 350.

Ferry, D. N. S.—Ophthalmic test for glanders: with a simplified method of procedure, 70.

Frey, J. J.—Potassium iodide in malnutrition of pigs, 269.

Frost, J. L.—Formalin in the treatment of mastitis, 115.

Gaiger, S. H., F.R.C.V.S.—Dysentery of lambs, 261.

Gair, G., M.R.C.V.S.—Conjunctivitis: a comparative study, 297.

Ghisleni, Prof. Pietro.—Diagnosis and surgical treatment of intestinal calculi in solipeds (illustrated), 129.

Gibson, George, M.R.C.V.S.—Interesting abdominal wound in a heifer, 223.

Griffith, J. J., B.Sc.—Economical use of feeding stuffs, 351, 395; Gorse as food for farm animals, 245.

Hadwen, Seymour, D.V.Sc., and Bruce, E. A., V.S.—Poisoning of horses by the common bracken (illustrated), 98.

Hall, Maurice C., Ph.D., D.V.M.—Administration of oil of chenopodium in soft, or soluble elastic, gelatine capsules, as compared with other modes of administration, 143, 183; Longevity of adult ascarids outside the body of the host, 75; Manure disposal as a factor in the control of parasitic diseases of live stock, 33.

——— ———, Morgan J. Smead, V.S., B.V.Sc., and Charles F. Wolf, D.V.M.—Anthelmintic and insecticidal value of carbon bisulphide against gastro-intestinal parasites of the horse, 313.

———, Reginald, W., M.R.C.V.S.—Interesting kidney calculus in a sheep, 253.

Harris, George, M.R.C.V.S., and Frederick Hobday, F.R.C.V.S.—Interesting case of multiple sarcomas in a stallion, 66.

Z 11139

Harrison, W. S., M.R.C.V.S.—Rupture of the œsophagus and right auricle in a dog, 67.
Harvey, F. T., F.R.C.V.S.—Milk fever with hyperpyrexia-thrombosis, 8.
Hazelton, W. C., M.R.C.V.S.—Emphysema due to a bone in the œsophagus of a heifer, 306 ; Obstructions in the vaginal passage of cattle, 305.
Henry, Max, M.R.C.V.S., B.V.Sc.—Mortality of dietetic origin in pregnant ewes, 301 ; Monophthalmic monstrosity, 252.
—— —— and H. Belschner.—*Cucumis myriocarpus* (wild melon vine) as a cause of impaction of the colon in New South Wales, 205.
Herrera, Jose.—Voluminous abdominal tumour operated on successfully, 69.
Hewer, J. R., M.R.C.V.S.—Typical reaction to mallein (illustrated), 379.
Hewetson, W. T., M.R.C.V.S.—Case showing importance of thorough disinfection, 203.
Hill, G. F., F.E.S.—Certain points in the life history of *Melophagus ovinus* Linn., the "sheep louse fly," or "sheep tick," 154 ; Life histories of *Habronema muscæ* (Carter), *Habronema microstoma* (Schneider) and *Habronema megastoma* (Rudolphi), 155.
Hobday, Frederick, F.R.C.V.S.—Cases of calculi of the bladder in canine patients, 222 ; Historical roarer, 421 ; Ingress and egress wounds of a bullet through the scapula, 227 ; Instance of longevity in ringdoves, 307 ; Interesting case of abnormal lactation, 417 ; Irritation by ticks on the ears of the dog, 386 ; Observation on the castration of farm animals, 66 ; Selection and administration of general anæsthetics to the horse, dog and cat, 43 ; Stone in the cæcum of a dog, 88 ; Two illustrations of the value of P.I.P.P. as a wound dressing, 255.
—— —— and George Harris, M.R.C.V.S.—Interesting case of multiple sarcomas in a stallion, 66.
—— —— and H. J. R. Pope, M.R.C.V.S.—Complete prolapse of the uterus in a bitch : amputation and recovery, 250 ; Large uterine fibroid removed per vaginam, 251.
—— —— and Harold Stainton, M.R.C.V.S.—Calculus of the bladder and suprapubic cystotomy in a bitch (illustrated), 89.
Hodgkins, Captain J. R., D.S.O., F.R.C.V.S., R.A.V.C.—Effects of hyoscine on an animal affected with broken wind (illustrated), 307 ; Habronemiasis, 463 ; Inflammation of the fascia of the thigh, 279 ; Note on a type of marasmus amongst horses in India, 207 ; Open shoulder joint (horse), 390 ; Presence of *Gastrophilus equi* in the dog, 417 ; Prevention of capped elbow, 462 ; Prevention of "cutting," 422.
Holmes, Capt., R. P., M.R.C.V.S., D.V.S.M., N.D.A.—Treatment of the different forms of mange and other parasitic skin diseases of horses and mules with a combination of calcium sulphide and horse fat, 380.
Hope, H. J. R., M.R.C.V.S., and Frederick Hobday, F.R.C.V.S.—Large uterine fibroid removed per vaginam, 231.
Hornby, H. E., M.R.C.V.S., D.V.S.—Contagious impetigo of cattle (illustrated), 210.
Howie, George, M.R.C.V.S.—Interesting cryptorchid operation, 386.
Hudson, R., F.R.C.V.S.—Peritonitis in young cattle, 253.
Hunter, T., M.A., B.Sc., M.D.—Acute glanders in man, 156.

Jakob.—Destroying incurable dogs with chloral and strychnine, 317.
Jones, R., M.R.C.V.S.—Post-pharyngeal surgery, 16.

Kirk, Capt. Hamilton, R.A.V.C.—Treatment of mange and lice, 122.

Ladson, H. H., J. M. Bick, and G. T. Creech.—*Bacterium abortus* infection of bulls, 152.
Land, D. S., G.B.V.C.—Castration of bovine males, 216.

MacGregor, Capt. Malcolm E.—Possible use of *Azolla filiculoides* as a deterrent to anopheline breeding (illustrated), 308.
McMurdo, Major C. D.—Future Veterinary Corps of the American Army, 27.
Manuel, P., M.R.C.V.S.—Idiosyncrasy to potassium iodide, 421.
Mayall, G., M.R.C.V.S.—Curious case (illustrated), 346 ; Paraphimosis in a Yorkshire terrier, and hard substance in a fox terrier, 251 ; Peculiar case of influenza, 142.
Miller, Sergeant.—Experiences of a veterinary sergeant with a veterinary hospital in Salonica and Servia in 1915, 110.
Milligan, Alfred J., M.R.C.V.S.—Anæsthesia in bovines, 90.

Morgan, Edward, M.R.C.V.S., D.V.H. —Gall stones (illustrated), 63 ; Interesting notes from Venezuela, 218 ; Observations at the abattoir (illustrated), 173 ; Turtles, 413.
Mosley, Bt. Lt.-Col. H. S., D.S.O., R.A.V.C.—Report of a case of rupture of the liver, 456.

Observer—Some clinical cases, 458.
Oxspring, Capt. G. E., R.A.V.C., and Bt. Major G. Williamson, R.A.V.C.—Demodectic scabies in the horse, 366.

Parker, Thomas, F.R.C.V.S. — Rat problem, 50.
Pauer, Wm., M.R.C.V.S.—Bots in the œsophagus, 223 ; Fissure of the molar teeth, 389.
Payne, Arthur, F.R.C.V.S.—Hydrocyanic acid as an antitode to chloroform, 177.
Petit, G.—Open forms of tuberculosis in domestic carnivora, 268.
Pillers, A. W. Noel, F.R.C.V.S.—Accidental parasites of the ear of the domesticated rabbit and guinea-pig (illustrated), 126, 331.
Pitchford, Lt.-Col. Watkins, C.M.G., F.R.C.V.S.—Tattooing of the horse (illustrated), 447.
Plunkett, Capt. J. J., O.B.E., R.A.V.C. —Crude oil in cooking (illustrated), 224.
Pope, H. J. R., M.R.C.V.S., and Frederick Hobday. F.R.C.V.S.—Complete prolapse of the uterus in a bitch ; amputation and recovery, 250.

Reynolds, E. Brayley.—Brief note on the Advance Base Veterinary Hospital, Baghdad (illustrated), 138.
Routledge, late Capt. Arthur, F.R.C.V.S.—Some of the sequelæ of neurectomy, 425.

Sacco, Dr. P., O.B.E.—Remarks on seborrhœic eczema and malignant venereal disease (illustrated), 373.
Saunders, Major C. G., D.S.O., B.V.Sc., M.R.C.V.S.—Hydro-therapy in the treatment of colics, 168.
Schneider, R. — Some remarks on pseudo-glanders, 37.
Schwendimann, Prof.—On the treatment of umbilical hernia in the horse with clams (illustrated), 228.
Seddon, H. R., B.V.Sc.—Prolapse of the vagina. Operation. An untoward sequelæ, 387.
Sewell, E., M.C.—Parasite found in the portal vein of a sheep (illustrated), 299.
Smead, Morgan, J., V.S., B.V.Sc., Maurice C. Hall, Ph.D., D.V.M., and Charles F. Wolf, D.V.M.—Anthelmintic and insecticidal value of carbon bisulphide against gastro-intestinal parasites of the horse, 312.
Spencer, Sergeant.—Experiences with a mobile veterinary section in the Dardanelles in 1915, 112.
Stainton, Harold, M.R.C.V.S., and Frederick Hobday, F.R.C.V.S.—Calculus of the bladder and supra-pubic cystotomy in a bitch (illustrated), 89.
—— and Guy Sutton, F.R.C.V.S.—Orethral calculus in a pony—operation and recovery, 68.
Storrar, Major D. M., F.R.C.V.S., T.D.—Veterinary practice in Ireland, 95.
Sutton, Guy, F.R.C.V.S., and Harold Stainton, M.R.C.V.S.—Urethral calculus in a pony, 68.

Theiler, Sir Arnold, K.C.M.G.—Veterinary research and education in South Africa, 326.
Tutt, J. F. D., M.R.C.V.S., F.R.M.S., F.Z.S.—Patent anterior fontanelle in a litter of Berkshire pigs, 349 ; Severe outbreak of mycotic aphtha in sheep, 390.
—— —— and J. B. Tutt. M.R.C.V.S., F.R.M.S., F.Z.S.—Intestinal abnormalities in a mare, 15.

Walker, J. B., M.R.C.V.S.—Ovaro-hysterectomy of a gangrenous uterus, 347.
Wallis, W., M.R.C.V.S.—Administration of chloroform to cattle, 392 ; Fractured olecranon (illustrated), 388.
Watkins-Pitchford, Lt.-Col. H., C.M.G., F.R.C.V.S., F.R.S.E. — Observations on the routine feeding of military horses on home service, 284 ; (illustrated), 334.
Way, N. P., and W. A. Hagan.—Coccidiosis in cattle, 150.
Wigdor, Meyer, M.A.—Administration of oil of chenopodium in soft, or soluble elastic, gelatine capsules, as compared with other modes of administration, 143 ; Study of the fæcal examinations of 1,000 imported dogs, 357.
Williamson, Bt. Major, G., R.A.V.C., and Capt. G. E. Oxspring, R.A.V.C. —Demodectic scabies in the horse, 366.
Winter, E. C., F.R.C.V.S. — Post-pharyngeal surgery, 48.

Wolf, Charles F., D.V.M., Maurice C. Hall, Ph.D., D.V.M., and Morgan J. Smead, V.S., B.V.Sc.—Anthelmintic and insecticidal value of carbon bisulphide against gastro-intestinal parasites of the horse, 312.
Wolstenholme, John B., F.R.C.V.S.—Large intestinal calculus in a horse, 422.
Wolff, J., M.R.C.V.S., and J. L. Barling.—Hæmophilia in a yearling heifer, 141.
Wyley, Capt., E. H., R.A.V.C.—Fractured ribs as the result of muscular action, 91.
Wynn, Lloyd, L. W., M.R.C.V.S.—Acorn poisoning, 113.

GENERAL INDEX.

JANUARY TO DECEMBER.

A

Abattoir, observations at the (illustrated), 173.
Abdominal tumour, voluminous, operated on successfully, 69.
—— wound in a heifer, interesting, 223.
Abnormal lactation, interesting case of, 417.
Abnormalities, intestinal, in a mare, 15.
Abortion, epizootic, 166.
Accidental parasite in the ear of the domesticated rabbit, *Glycyphagus domesticus* de Geer (illustrated), 126, 331.
Acorn poisoning, 113
Action, muscular, fractured ribs as the result of, 91.
Acts relating to the practice of veterinary surgery and medicine, Bill to amend the, 195.
Address, introductory, on the third eyelid (illustrated), 19.
Administration and selection of general anæsthetics to the horse, dog, cat, 43.
—— of chloroform to cattle, 392.
—— of oil of chenopodium in soft, or soluble elastic, gelatine capsules, as compared with other modes of administration, 143.
Adult ascarids outside the body of the host, longevity of, 75.
Advance Base Veterinary Hospital, Baghdad, brief note on (illustrated), 138.
Amendment Bill, Veterinary Surgeons Act (1881), 165.
American Army, Veterinary Corps of, 4, 27, 245.
Anæsthesia, general, in bovines, 94.
—— in bovines, 90.
Anæsthetics for animals, 311.
—— general, selection and administration of, to the horse, dog, cat, 43.
Animal affected with broken wind, effects of hyoscine on, 307.
—— dentistry. 6,
—— losses during the Great War, 363.
Animals, anæsthetics for, 311.
—— farm, gorse as food for, 245.
—— —— observation on the castration of, 66.
—— in the war, loss of, 434.
Ankylostoma ceylanicum in the cat in Durban, 128.
Annual Report of the Punjab Veterinary College, Civil Veterinary Dept., Punjab, and the Government Cattle Farm, Hissar, for the year 1918-1919, 79.
Anopheline breeding, possible use of *Azolla filiculoides* as a deterrent to (illustrated), 308.
Anterior fontanelle, patent, in a litter of Berkshire pigs, 349.
Anthelmintic and insecticidal value of carbon bisulphide against gastro-intestinal parasites of the horse, 312.
Antidote to chloroform, hydrocyanic acid as an, 177.
Army Veterinary Corps, American, 4,
—— —— Service, Indian, 167.
Ascarids, adult, outside the body of the host, longevity of, 75.
Auricle, and œsophagus, right, in a dog, rupture of the, 67.
Aurorascope (illustrated), 278.
Azolla filiculoides as a deterrent to anopheline breeding, possible use of (illustrated), 308.

B

Bacterium abortus infection of bulls, 152.
Bartolucci, Prof. Alfredo, 300.
" Bastard strangles," interesting case of, 176.
Berkshire pigs, patent anterior fontanelle in a litter of, 349.
Berlin, minimum veterinary fees in, 436.
Bill, milk, new, 244.
—— to amend the Acts relating to the practice of veterinary surgery and medicine, 195.

Bitch, calculus of the bladder and suprapubic cystotomy in a (illustrated), 89.
—— complete prolapse of the uterus in a: amputation and recovery, 250.
—— phantom pregnancy in the, 97.
—— suckling six little pigs (illustrated), 393.
Bladder, calculus of, and suprapubic cystotomy in a bitch (illustrated), 89.
—— in canine patients, cases of calculi of the, 222.
Bodies, foreign, in the mouth, nostril and pharynx, 419.
Bone in the œsophagus of a heifer, emphysema due to, 306.
Bots in the œsophagus, 223.
Bovine males, castration of, 216.
Bovines, anæsthesia in, 90, 94.
Bowel, small, lengthy invagination of, in a cow, 464.
Bowel surgery in the horse, 122.
Bracken, common, poisoning of horses by the (illustrated), 98.
Breeding, anopheline, possible use of *Azolla filiculoides* as a deterrent to (illustrated), 308.
Broken wind, effects of hyoscine on an animal affected with, 307.
Bullet through the scapula, ingress and egress wounds of a (illustrated), 227.

C

Cæcum of a dog, stone in the, 88.
Calculi, intestinal, in solipeds, diagnosis and surgical treatment of (illustrated), 129.
—— of the bladder in canine patients, cases of, 222.
Calculus, intestinal, 421.
—— kidney, in a sheep, interesting, 253.
—— large intestinal, in a horse, 422.
—— of the bladder and suprapubic cystotomy in a bitch (illustrated), 89.
—— urethral, in a pony: operation and recovery, 68.
California, U.S.A., abstracts from the work of the division of veterinary science in, 231.
Call, Colonial, 4.
Canine patients, cases of calculi of the bladder in, 222.
Canker of the ear in rabbits, observations on (illustrated), 86.
Capped elbow, prevention of, 462.
Carbon bisulphide, anthelmintic and insecticidal value of, against gastro-intestinal parasites of the horse, 312
Carnivora, domestic, open forms of tuberculosis in, 269.
Case, curious (illustrated), 346.
—— interesting, of abnormal lactation, 417.
—— —— of "bastard strangles," 176,
—— —— of multiple sarcomas in a stallion, 66.
—— —— of "red worm" in colts, 178.
—— peculiar, of influenza, 142.
—— showing the importance of thorough disinfection, 203.
Cases, cryptorchid, interesting (illustrated), 13.
—— of calculi of the bladder in canine patients, 222.
Castration and chloroforming standing, securing for, remarks on, 92.
—— of bovine males, 216.
—— of farm animals, observation on the, 66.
Cat, *Ankylostoma ceylanicum* in, in Durban, 128.
——, horse, dog, selection and administration of general anæsthetics to the, 43.
Cattle, administration of chloroform to, 392.
——, chronic laminitis, 418.
——, contagious impetigo of (illustrated), 210.
——, vaginal passage of, obstructions of, 305.
——, young, peritonitis in, 253.
Cause of impaction of the colon in New South Wales, *Cucumis myriocarpus* (wild melon vine), 205.
Cervicitis or inflammation of the os uteri in cattle, 256.
Chloral and strychnine, destroying incurable dogs with, 317.
Choice of a vermifuge for round worms, 166.
Chronic laminitis of cattle, 418.
Chloroform, administration of, to cattle, 392.
——, hydrocyanic acid as an antidote to, 177.
Chloroforming standing and securing for castration, remarks on, 92.
Civil Veterinary Service, Indian, 404.
Clinical Cases :—
Administration of chloroform to cattle. By W. Wallis, M.R.C.V.S., 392.
Bitch suckling six little pigs (illustrated), 393.
Chronic laminitis of cattle. By H. H. Curson, M.R.C.V.S., 418.
Complete prolapse of the uterus in a bitch. Amputation and recovery. By Frederick Hobday, F.R.C.V.S., and H. J. R. Pope, M.R.C.V.S., 250.
Curious case. By G. Mayall, M.R.C.V.S. (illustrated), 346.

Demodectic scabies in the horse. By Bt. Major G. Williamson, R.A.V.C. and Capt. G. E. Oxspring, R.A.V.C., 376.
Direct from producer to consumer (illustrated), 385.
Fissure of the molar teeth. By Wm. Pauer, M.R.C.V.S., 389.
Foreign bodies in the mouth, nostril, and pharynx. By F. T. Harvey, F.R.C.V.S., 419.
Fractured olecranon. By W. D. Wallis, M.R.C.V.S. (illustrated), 388.
Habronemiasis. By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., R.A.V.C., 463.
Historical roarer. By Frederick Hobday, F.R.C.V.S., 421.
Idiosyncrasy to potassium iodide. By P. Manuel, M.R.C.V.S., 421.
Inflammation of the fascia of the thigh. By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., 379.
Interesting case of abnormal lactation, 417.
—— cryptorchid operation. By George Howie, M.R.C.V.S., 386.
—— kidney calculus in a sheep. By Reginald W. Hall, M.R.C.V.S., 253.
Intestinal calculus. By W. F. Aston, M.R.C.V.S., late Capt., R.A.V.C., 420.
Irritation by ticks on the ears of the dog. By Frederick Hobday, F.R.C.V.S., 386.
Large intestinal calculus in a horse, By John B. Wolstenholme, F.R.C.V.S., 422.
—— uterine fibroid removed per vaginam. By Frederick Hobday, F.R.C.V.S., and H. J. G. Pope, M.R.C.V.S., 251.
Lengthy invagination of the small bowel in a cow. By Hugh Begg, F.R.C.V.S., 464.
Monophthalmic monstrosity. By Max Henry, B.V.Sc., M.R.C.V.S., 252.
Open shoulder joint (horse). By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., 390.
Ovaro-hysterectomy of a gangrenous uterus. J. B. Walker, M.R.C.V.S., 347.
Paraphimosis in a Yorkshire terrier and hard substance in a fox terrier. By G. Mayall, M.R.C.V.S., 251.
Patent anterior fontanelle in a litter of Berkshire pigs. By J. F. D. Tutt, M.R.C.V.S., F.R.M.S., F.Z.S., 349.
Pericarditis in lambs. By J. Malcolm Armfield, M.R.C.V.S., 255.
Peritonitis in young cattle. By R. Hudson, F.R.C.V.S., 253.
Points in the routine feeding of military horses on home service. By Lt.-Col. H. Watkins-Pitchford, C.M.G., R.A.V.C. (illustrated), 335.
Presence of *Gastrophilus equi* in the dog. By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., 417.
Prevention of capped elbow. By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., 462.
—— of "cutting." By Capt. J. R. Hodgkins, D.S.O., F.R.C.V.S., 422
Prolapse of the vagina, operation, an untoward sequela. By H. R. Seddon, B.V.Sc., 387.
Remarks on seborrhœal eczema and malignant venereal disease. By Dr. P. Sacco, O.B.E. (illustrated), 373.
Report on a case of rupture of the liver. By Bt. Lt.-Col. H. S. Mosley, D.S.O., R.A.V.C., 456.
Rupture of uterus in a cow—a warning. By Henry B. Eve, M.R.C.V.S., 350.
Saria. By H. H. Curson, M.R.C.V.S. (illustrated), 405.
Severe outbreak of mycotic aphtha in sheep. By J. F. D. Tutt, M.R.C.V.S., F.R.M.S., F.Z.S., 390.
Some accidental parasites of the ear of the domesticated rabbit and guinea-pig. By A. W. Noel Pillers, F.R.C.V.S. (illustrated), 331.
—— clinical cases. By Observer, 458.
Treatment of the different forms of mange and other parasitic skin diseases of horses and mules with a combination of calcium sulphide and horse fat. By Capt. R. P. Holmes, M.R.C.V.S., D.V.S.M., N.D.A., 380.
Turtles, By E. Morgan, M.R.C.V.S., D.V.H., 413.
Two illustrations of the value of B.I.P.P. as a wound dressing. By Frederick Hobday, F.R.C.V.S., 255.
Typical reaction to mallein. By J. R. Hewer, M.R.C.V.S. (illustrated), 379.
Coccidiosis in cattle, 150.
Colics, hydro-therapy in the treatment of, 168.
Colon, *Cucumis myriocarpus* (wild melon vine) as a cause of impaction of, in New South Wales, 205.

Colonial call, 4.
—— salaries, 361.
Colonies and Protectorates, staffing of the Veterinary Departments in the, abstract from the Report of the Committee appointed by the Secretary of State for the Colonies, 364, 435.
Colts, interesting case of "red worm" in, 178.
Committee appointed by the Secretary of State for the Colonies to consider the staffing of the Veterinary Departments in the Colonies and Protectorates, abstract from the Report of, 364, 435.
Competitive tenders for professional services, 404.
Complete prolapse of the uterus in a bitch. Amputation and recovery, 250.
Conjunctivitis—a comparative study, 297.
Consumer, direct from producer to (illustrated), 385.
Contagious impetigo of cattle (illustrated), 210.
